LIGHTING - ACOUSTICS - INTERIORS

„WE TRANSFORM BUILT SPACES
INTO PLACES OF WELLBEING“

Lighting

Light is essential towards the perception of space, productivity, health and wellbeing.

We provide tailored solutions that support human wellbeing. Ralum Lighting is your trusted partner for highest performance and quality.

Acoustics

Acoustic quality is fundamental to space perception and wellbeing.

We work with best-in-class acoustic absorber products. In partnership with Fantoni SPA we provide advanced solutions such as Nanofor® - featuring laser micro-drilling (invisible at distance).

A close-up, low-angle shot of a ceiling installation. The ceiling features a series of parallel, slanted wooden slats that create a rhythmic pattern. Interspersed among these slats are black, rectangular acoustic absorbers. The lighting is dramatic, with strong highlights and shadows that emphasize the textures and geometric forms of the ceiling structure.

Furniture / Interiors

Design Culture meets Wellbeing.

Furnitures by Fantoni, Bene, Diemme and more.

Turn-key conference room solutions integrating ergonomics, ambience, functionality and productivity.

Biophilic Design Solutions for Natural Offices.
